Pitch designations for lever changes

a below middle c = low a

a above middle c = middle a

a one octave + 6th above middle c = high a

e above middle c = middle e

e one octave + 3rd above middle c = high e

Lever changes may be easier
if the r.h. plays some of the bass
clef notes.

The "Poco Lento" tempo for
this piece is taken from the copy
in the IMSLP Petrucci Music Library.
The metronome marking is my
interpretation of a Poco Lento.
